MONOTYPE TYPOGRAPHY INC. END USER LICENSE AGREEMENT: THIS IS A BINDING CONTRACT. BY CLICKING ON THE BOX MARKED "I ACCEPT THE TERMS", OR BY OPENING THE PACKAGE IN WHICH THE SOFTWARE IS CONTAINED, YOU ACCEPT ALL THE TERMS AND CONDITIONS SET FORTH BELOW. IF YOU DO NOT WISH TO BE BOUND BY SUCH TERMS AND CONDITIONS, YOU CAN NOT USE OR DOWNLOAD THE SOFTWARE AND YOU MAY RETURN THE PACKAGE UNOPENED AND YOUR MONEY WILL BE REFUNDED.

This package contains software ("Software") and related documentation ("Documentation"). The term "Software" includes both "Application Software" and "Font Software" as defined below and means the machine-readable software programs and associated files, and includes any upgrades, modified versions and copies of the Software licensed to you by Monotype Typography Inc., its subsidiary Monotype Typography Ltd., and Monotype's suppliers (hereafter collectively "Monotype"). As used herein, "Font Software" means coded and encrypted Software that generates typeface or typographic designs or ornaments when used with appropriate hardware and software. As used herein, "Application Software" means Software that performs tasks other than or in addition to the generation of typeface or typographic designs or ornaments. As used herein, "Licensed Unit" means up to five (5) computers connected to no more than one (1) printer with a hard drive, all located at a single geographic location. If you have acquired an entire Font Software Library (that is, if you have paid for and acquired a license for all Font Software which is distributed as part of the Software), and such geographic location, then "Licensed Unit" means up to twenty (20) computers connected to no more than two (2) printers with hard drives at such geographic location.

You do not have a right or license to use the Software and Documentation unless you have paid the application license fee to Monotype, or its authorized dealer, and have obtained the proper typeface access keys and have specifically agreed to the following terms and conditions: Subject to the foregoing, Monotype grants you a non-exclusive license to use the Software and Documentation upon the following terms and conditions:

- You may install and use Font Software in a Licensed Unit for the purpose of reproducing typeface and typographic designs and ornaments. If the number of computers or printers with which you want to use Font Software exceeds those set forth in the definition of Licensed Unit above, then you must notify Monotype or its authorized dealer and request an appropriate site license covering all units in which Font Software will be used or stored and for which an additional fee will be charged. You may make one back-up copy of Font Software for archival purposes only, and you shall retain exclusive custody and control over such copy. The license granted herein is effective until terminated. Monotype has the right to terminate your license immediately if you fail to comply with any term of this Agreement. Upon termination, you must destroy the original and any and all copies of the Software and Documentation.
- Provided the Font Software is configured for network use, you may install and use the Font Software on a single file server for use on a single local area network ("LAN") for either (but not both) of the following purposes: (i) permanent installation onto a hard disk or other storage device of a Licensed Unit for use only by the computers and single printer which are part of such Licensed Unit; or (ii) use of the Font Software over such LAN, provided that the number of computers on which the Font Software is used does not exceed the number of computers in a Licensed Unit or, if needed, the following example is supplied for illustration purposes only: If there are 100 computers connected to the server, with no more than 15 computers ever using the Font Software concurrently, but the Font Software will be used on 25 different computers at various points in time, you must acquire a site license for 25 computers.
- You may install and use Application Software in a single computer. If you wish to use Application Software on more than one computer at a single geographic location, you must notify Monotype or its authorized dealer and request an appropriate site license covering all units in which the Application Software will be used or stored and for which an additional fee will be charged.
- If the Software licensed hereunder is Font Software, you may take a digitized copy of the Font Software used for a particular document to a commercial printer or service bureau for use by the printer or service in printing such document but only if the printer or service bureau specifically represents to you that it has purchased or been granted a license to use that particular Font Software. You may embed Font Software into a document for the sole purpose of printing or viewing such document, and not for editing or altering such document. If you intend to edit or alter a document with embedded Font Software, you must request and receive from Monotype or its authorized dealer a Multi-User license agreement for which an additional fee will be charged.
- You agree that the Software and the Documentation, and all copies thereof, are owned by Monotype and its structure, organization, and code are valuable property of Monotype and/or its suppliers. You acknowledge that the Software and the Documentation is protected by the United States Copyright Law, by the copyright and design laws of other nations, and by international treaties. You agree to treat the Software and Documentation as you would any other copyrighted material, such as a book. You may not copy the Software or the Documentation, except as expressly provided herein. Any copies that you are permitted to make pursuant to this Agreement must contain the same copyright, trademark, and other proprietary notices that appear on or in the Software or Documentation. You agree not to modify, adapt, translate, reverse engineer, decompile, disassemble, alter, or otherwise attempt to discover the source code of the Software, provided, however, that if you are located in a European Community member country, you may reverse engineer or decompile the Software only to the extent that sufficient information is not available for the purpose of creating an interoperable software program (but only for such purpose and to the extent that sufficient information is not provided by Monotype upon written request). You agree to use trademarks associated with the Software according to accepted trademark practice, including identification of the trademark owner's name. Trademarks can only be used to identify printed output produced by the Software. The use of any trademark as herein authorized does not give you any rights of ownership in that trademark and all use of any trademark shall inure to the sole benefit of the trademark owner. This Agreement does not grant you any rights in or to intellectual property rights in the Software, the Documentation, and any associated trademarks. You do have the right to modify and alter Font Software for your customary personal and business use, but not for resale or further distribution.
- You may not rent, lease, sublicense, give, lend, or further distribute the Software or Documentation, or any copy thereof, except as expressly provided herein. You may transfer all your rights to use the Software and Documentation to another person or legal entity provided that (i) the transferee accepts and agrees to be bound by all the terms and conditions of this Agreement, and (ii) you destroy all copies of the Software and Documentation, including all copies stored in the memory of a hardware device. Without limiting the generality of the foregoing, you agree that you will not distribute or disseminate all or any part of the Software through any on-line service and you further agree that any such intentional distribution shall constitute a theft by you of a valuable property of Monotype and/or its suppliers.
- Monotype warrants to you that the Software will perform substantially in accordance with the Documentation for the ninety (90) day period following your receipt of the Software. To make a warranty claim, you must return the Software to the location from which you obtained it along with a copy of your sales receipt within such ninety (90) day period. If the Software does not perform substantially in accordance with the Documentation, the entire and exclusive liability and remedy shall be limited to either, at Monotype's option, the replacement of the Software or the refund of the license fee you paid for the Software. MONOTYPE AND ITS AUTHORIZED DEALERS DO NOT AND CANNOT WARRANT THE PERFORMANCE OR RESULTS YOU MAY OBTAIN BY USING THE SOFTWARE OR DOCUMENTATION. THE FOREGOING STATES THE SOLE AND EXCLUSIVE REMEDIES FOR MONOTYPE'S OR ITS SUPPLIERS' BREACH OF WARRANTY, EXCEPT FOR THE RIGHTS, MERCHANTABILITY, OR FITNESS FOR ANY PARTICULAR PURPOSE, IN NO EVENT WILL MONOTYPE, ITS AUTHORIZED DEALERS, OR ITS SUPPLIERS BE LIABLE TO YOU FOR ANY CONSEQUENTIAL, INCIDENTAL, OR SPECIAL DAMAGES, INCLUDING ANY LOST PROFITS, LOST DATA OR LOST SAVINGS, EVEN IF A MONOTYPE REPRESENTATIVE OR AN AUTHORIZED DEALER OR SUPPLIER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM AGAINST YOU BY ANY THIRD PARTY. Some states or jurisdictions do not allow the exclusions of limitations on how long an implied warranty may last, so the above exclusion may not apply to you. Also, some states or jurisdictions do not allow the exclusions of implied warranties or limitations on the extent of damages. Some jurisdictions do not permit a limitation of implied warranties where the product results in injury or death so that such limitations may not apply to you. In those jurisdictions, you agree that Monotype's or its authorized dealers or suppliers' liability for such injury or death shall not exceed One Hundred Thousand Pounds (U.K. £100,000), provided that such jurisdictions permit a limitation of such liability. This warranty gives you specific legal rights. You may have other rights that vary from state to state or jurisdiction to jurisdiction. For further warranty information, please contact the Authorized Dealer from which you received the Software and Documentation.
- You agree that this Agreement will be governed by the laws of Illinois applicable to contracts wholly performable within such state. This Agreement will not be governed by the United Nations Convention of Contracts for the International Sale of Goods, the application of which is expressly excluded. If any part of this Agreement is found void and unenforceable, it will not affect the validity of the balance of the Agreement, which shall remain valid and enforceable according to its terms. You agree that the Software will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any applicable export laws, restrictions or regulations. This Agreement shall automatically terminate upon fail copyright laws of the United States and other jurisdictions. If this Agreement sublicenses to you the right to use Font Software in the PostScript format, then upon any termination of the license reserved. Notwithstanding the foregoing, to the extent that any law, statute, treaty, or governmental regulation shall be deemed by a court to provide you with any additional or different rights than those provided herein and such rights shall be deemed non-waivable as a matter of law and to supersede the rights specifically provided herein, then such law, statute, treaty, or governmental regulation shall be deemed to be a part of this Agreement. To the extent that any such rights created by any law, statute, treaty or governmental regulation are waivable, you agree that your acceptance of this agreement shall constitute an irrevocable waiver of such rights. This End User License Agreement may be enforced by Monotype or by an authorized dealer acting on behalf of Monotype.
- If this product is acquired under the terms of a (i) GSA contract - use, reproduction or disclosure is subject to the restrictions set forth in the applicable ADF Schedule contract, (ii) DoD contract - use, duplication or disclosure by the Government is subject to restrictions set forth in subparagraph (c)(1)(ii) of 252.227-7013; (iii) Civilian agency contract - use, reproduction, or disclosure is subject to 52.227-19(a) through (d) and restrictions set forth in the accompanying End User Agreement.

Further use, duplication or disclosure is subject to restrictions applicable to restricted rights software as set forth in FAR 252.227-19(c)(2).
